Please note that recently, **all** sample templates and request forms have been revamped to adhere with federal requirements and our (researcher and REB) local needs.

REB responsibilities and materials continue to be frequently updated and revised as fitting and in response to compliance with TCPS 2 language, local demand or necessity, Canadian REB practices, REB reviewer feedback and in consideration to the COVID-19 pandemic.

The latest versions of request forms need to be submitted for review. Forms are available on the REB website: <https://www.utoronto.ca/reb/each/each-ehc-board.html>

The website is frequently updated.

The current request forms work to eliminate common mistakes that may hold up the registration or the committee review of a proposal.

Applicants are advised to consult with the REB to determine whether their activity is deemed *ac* under the *TCPS 2 Pt C*, meaning whether the undertaking qualifies for clearance exemption or requires clearance, about their initial and continuing review challenges and duties and to review a draft document together throughout the lifecycle of the research.

The REB has conducted **823** reviews in the **2021-2022** year.

o

The REB has conducted **823** e e in the **2021-2022** ea .
